The authors regret that in the above mentioned article bears incorrect affiliation for Yoki Yulizar and the axis labels of Figures 4-5. The correct affiliation has been mentioned above. The errors in the axis labels of FTIR spectra presented in the Figures 4-5 in the published paper should be corrected to be;

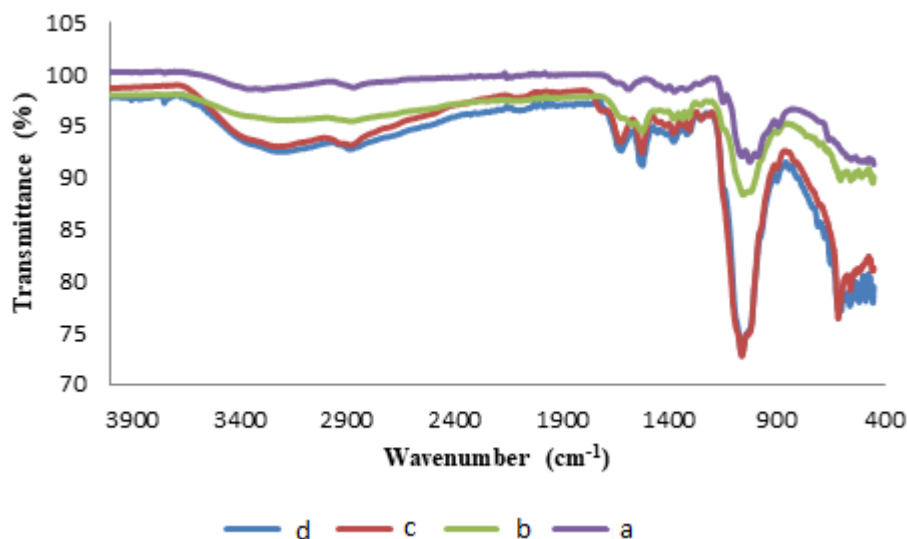

Figure 4 FTIR spectra of pristine chitosan (a), and chitosan nanoparticles formed from oven drying using (b) formic acid, (c) lactic acid, and (d) acetic acid

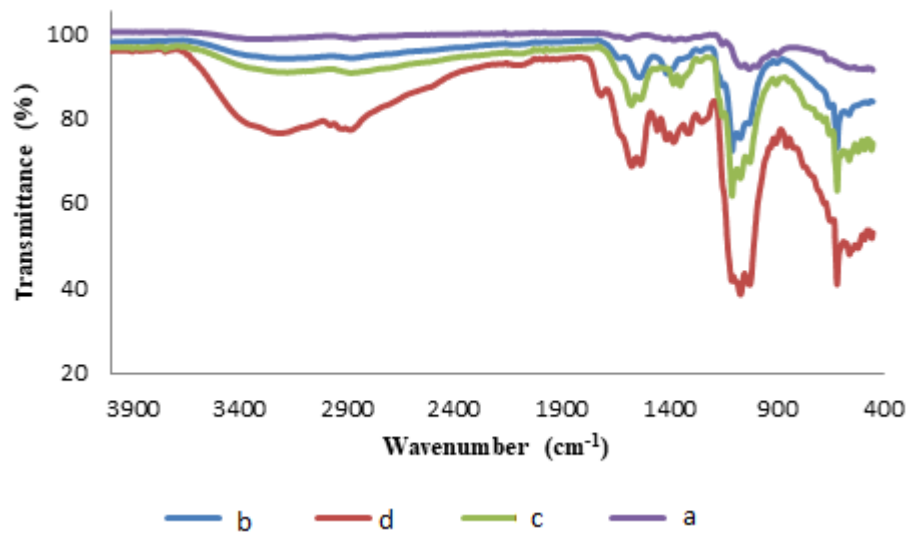

Figure 5 FTIR spectra of pristine chitosan (a), and chitosan nanoparticles prepared from spray drying using (b) acetic acid, (b) formic acid, and (c) lactic acid
